About Me

Recent graduate in Computer Engineering from NOVA FCT (final average: 17/20), passionate about programming and logic. Independent and resilient, I stand out for quickly learning new technologies. I am seeking to join a software development team where I can contribute to innovative and challenging projects while continually developing my skills.

Languages

- Portuguese (native)
- English (advanced)
- Spanish (intermediate)

Other Skills

- Excel (advanced)
- Photoshop (advanced)
- Illustrator (intermediate)
- Unity (beginner)

Education

- **BSc in Computer Engineering**
Faculty of Science and Technology, NOVA University of Lisbon (NOVA FCT)
2021 - 2025
- **Professional Training in Computer Programming**
Employment and Vocational Training Centre of Seixal
2020 - 2021

Professional Experience

- **Research Internship in Data Science & Bioinformatics**
NOVA LINCS, Department of Informatics, NOVA FCT
2025
Curricular internship for the "Curricular Development Activity" course at NOVA LINCS. I performed a benchmark of a metagenomic biner, from defining metrics through execution and results analysis. Used the university cluster via SSH with Docker and Anaconda. Main language: Python.
- **Curricular Internship — Development of an Internal Management Application**
Vbss - Technology, Services And Suport, Lda
2021
Workplace Training Internship focused on developing an internal management application. Contributed features on the front end with Vue.js/jQuery and on the back end with PHP in a simple MVC architecture.
- **Stock Replenisher**
Minipreço
2017 - 2019
Handled price tagging/corrections and inventory control, keeping the sales area tidy and compliant with hygiene and safety standards. Provided customer support and worked with the team to meet targets and ensure product availability in a fast-paced environment.
- **Store Assistant**
Casa Costa
2013 - 2017
Worked in a small drugstore in versatile roles: customer service, cash register operation, restocking, receiving and checking goods, inventory/price tagging, and helping maintain the premises.
